Agustin Camuzzi
Full Stack Web Developer

camuzziagustin@gmail.com ‖ Phone: (+54) 266 4953687 ‖ San Luis – San Luis, Argentina

Linkedin - Github

Full Stack Developer with a background in Web Design. Experienced in working with industry technologies (React, Redux, SQL, etc.) and possessing administrative knowledge gained from my work in a gastronomic company. Proficient in agile methodologies such as SCRUM. Solutions-oriented with strong teamwork, proactivity, communication, and leadership skills

PROJECTS

Full Stack Web Developer – 8 bits app   Aug. 2023 - Sep. 2023
Academic experience. Henry Bootcamp

- Designed and developed an app for game sales, including: Login, admin and user dashboards, shopping cart and payment, video game and user creation forms, and responsive design.
- Developed the front-end of the app with controlled forms, implemented Cloudinary and SweetAlert2 alerts, and designed the user profile. Assisted with problem-solving, debugging, and bug fixing as they arose.
- Link to repo: Front-End, Back-End
- Deployed app: 8-bits app

Full Stack Web Developer – Pokemon app   Jun. 2023 - Jul. 2023
Academic experience. Henry Bootcamp

- Designed and developed an app using a Pokemon API, including: landing page, home with filters and cards, search bar, detailed view of each Pokemon, controlled creation form, and about section.
- Developed the app using React, Redux, HTML, CSS, JavaScript, Express, Node.js, SQL.
- Link to repo: Repo
